

BRAND II DISINFECTANT SPRAY

Lite Scent

- New Lite Scent – lighter fragrance than before!
- Pleasant yet not overpowering with frequent use
- Kills 99.9% of germs in 30 seconds
- Quaternary/ethanol formula maintains OSHA Bloodborne Pathogens Standard decontamination compliance
- An independent research laboratory determined this formula is the only professional surface disinfectant available in the US that passed all their tests for disinfection ¹
- Provides Hospital Disinfection including efficacy against TB
- Meets AOAC Germicidal Spray Product Test standards for hospital aerosol disinfectants: Germicidal, Fungicidal, Tuberculocidal, Virucidal
- For use in: dental offices, physicians offices, hospitals, nursing homes, clinics, ambulances, kennels, veterinary offices, day care centers, health clubs, toilet areas, patient rooms, waiting rooms, and laboratories.
- Control Flo™ valve produces a wetter spray for enhanced surface coverage with less aerosol bounce back
- EPA Registration Number: 777-72-675
