Physician & Dental Program

Leading The Way in Disinfection and Environmentally Friendly Solutions
Help protect your patients and staff, and keep them confident with LYSOL® — a brand they know and trust.¹

The Physician & Dental Program provides a comprehensive portfolio of concentrated and ready-to-use product solutions to address your facility’s cleaning, disinfecting and odor control requirements for a healthier environment.

These branded products help reduce the risk of infection and disease transmission in your office which will reassure patients and employees on the exceptional quality-of-care at your practice.

DID YOU KNOW...

• Compared to other types of offices, medical offices require a much higher standard of clean to prevent the spread of disease and infection.²

• Americans spend about $5 billion each year on their colds - about $3 billion on doctors’ visits and $2 billion on treatments.³

• Flu viruses can live on surfaces for up to 48 hours.⁴

DfE formulation
Leading the Way in Disinfection and Environmentally Friendly Solutions

**INTRODUCING...**

The Precision Blend Dispensing System offers economy and simplicity by providing a portfolio of highly concentrated products that provide superior efficacy with low in-use cost. The comprehensive product range includes products from the LYSOL®, AIR WICK®, EASY-OFF® and RESOLVE® families — ideal for cleaning, disinfection and odor control for all types of facilities. The durable, maintenance-free modular dispensers accurately pre-mix the cleaning solution every time to minimize employee risk and maximize safety and savings. Enhance trust by using Precision Blend with LYSOL® Brand Disinfectants and DfE products in your facility.

**FREE**

Precision Blend Dispensing System for qualifying end-use customers, including labels and initial supply of trigger bottles with the purchase of RB concentrated products.*

**ECONOMICAL AND SIMPLE**

High-performance products mean low cost per use, and precise dilutions eliminate waste. The Precision Blend System is easy to assemble, install and service, and the flexible offerings allow for in-field customization.

* See loaner agreement for details. Initial quantity of trigger bottles and labels are supplied. Secondary labels supplied through Precision Blend Coordinator.
In an effort to facilitate equipment selections to maximize savings, we provide various offerings that are designed to complement your facilities’ specific needs. Each system combines our highly concentrated products and equipment that creates an economic alternative to ready-to-use products.

**Precision Blend Dilution Control System**
- Automatically mixes the proper dilution ratio of chemical and water
- Designed for large facilities with high volume needs
- Multiple units connect to a single source
- Durable, maintenance-free unit is easy to use – just push and fill

**Precision Blend 4 in 1 System**
- The convenience of one handed bottle filling and point-of-use remote bucket fill activation
- Dial-a-Blend Selector for up to 4 different chemicals
- Action Gap and Air-Gap™ backflow options to meet local plumbing agency requirements
- Easy to change metering tips
- Locking Racks to eliminate product tampering

**Precision Blend Easy-Blend Dispensing System**
- On the go portable dispensing system that is safe, ergonomic and multi-purposed
- At 2.5 gallons per minute, Easy-Blend Dispensing Systems are designed to fill both spray bottles and mop buckets, with one unit
- Easy-Blend Dispensing System is perfect for chemical dispensing in janitorial closets and satellite filling locations
- A hose swivel that has large heavy duty threads and attaches to standard hose or accepts quick connect
- In-dispenser or in-bottle metering
- Lock On/Off ring allows user hands free filling and eliminates accidental activation
- Ergonomic squeeze-handle eliminates hand fatigue and activates internal On/Off switch for easy water control
- Quick disconnect for fast changeover from fill tube to spray-foam application
- Dual Fill with Premium Spray/Foam Applicator, featuring 4’ hose extension is practical and ergonomic
- ASSE 1055B approved internal action gap backflow preventer

**Precision Blend Simplicity System**
- 2.5 or 5 Gallon Buddy Jug Option
- Jug Pumps in ¼ oz, ½ oz and 1 oz options
- 1 case / 12 EcoChoice® Trigger Spray Bottles
- Secondary Spray Bottle Labels
- Easy to use
  - Pump appropriate number of ounces of chemical into jug and fill with water
  - Fill spray bottles as needs using the On/Off spigot
- Eliminates chemical contact by having pre-mixed formula ready and available throughout the day
